

Stop Work Policy

GPS Marine Contractors Ltd places great importance on the safety and health of its employees and will do it's utmost to provide a safe and healthy working environment, and preserve the natural environment by taking into account any statutory requirements.

It is the policy of the company that all employees including all subcontractors are authorised to stop any work when there is an immediate threat and/or perceived risk to the safety and health of employees and/or 3rd parties and/or pollution to the environment.

If an employee/subcontractor implements this policy on a third party site, the company will support and back that individual during any discussions with that third party.

To reinforce this policy, it is the duty of every individual to be personally responsible and act to prevent mishap to them self and colleagues at any time in the work place. This includes stopping and reporting any unsafe acts and conditions, and reporting all incidents and near misses to the appropriate people within the company.
